

Supports Healthy Weight and Fat Loss

7 KETO® safely maintains metabolic rate when dieting. Promotes weight and fat loss.

- ◆ Two successful NDIs filed with the FDA
- ◆ Broad safety profile
- ◆ Clinically studied
- ◆ National media coverage
- ◆ Non stimulant

2.9x more weight loss than diet and exercise alone

1 Clinically Studied 2.9x More Weight Loss than Diet and Exercise Alone*

Kalman DS, et al. A randomized, double-blind, placebo-controlled study of 3-acetyl-7-oxo-dehydroepiandrosterone in healthy overweight adults. *Curr Ther Res.* 2000;61:435-442.

Zenk JL, et al. The effect of 7-Keto Nutralean™ on weight loss: a randomized, double-blind, placebo-controlled trial. *Curr Ther Res.* 2002;63:263-272.

2 Supports Healthy Fat Loss

Kalman DS, et al. A randomized, double-blind, placebo-controlled study of 3-acetyl-7-oxo-dehydroepiandrosterone in healthy overweight adults. *Curr Ther Res.* 2000;61:435-442.

3 Maintains Metabolic Rate When Dieting

Zenk JL, et al. HUM5007, a novel combination of thermogenic compounds, and 3-acetyl-7-oxo-dehydroepiandrosterone: each increases the resting metabolic rate of overweight adults. *J Nutr Biochem.* 2007;18:629-634.

4 Promotes Weight Loss Without Use of Caffeine*

Kalman DS, et al. A randomized, double-blind, placebo-controlled study of 3-acetyl-7-oxo-dehydroepiandrosterone in healthy overweight adults. *Curr Ther Res.* 2000;61:435-442.

Zenk JL, et al. The effect of 7-Keto Nutralean™ on weight loss: a randomized, double-blind, placebo-controlled trial. *Curr Ther Res.* 2002;63:263-272.

5 Preclinical Research Suggests that 7-Keto® May Increase Thermogenic Enzymes

Lardy H, et al. Ergosteroids II: Biologically active metabolites and synthetic derivatives of dehydroepiandrosterone. *Steroids.* 1998;63:158-165.

Lardy H, et al. Induction of thermogenic enzymes by DHEA and its metabolites. *Ann NY Acad Sci.* 1995;774:171-179.

6 Research Suggests that Natural "7-Keto" Levels Decline with Age

Marenich LP. Secretion of testosterone, epitestosterone, androstenedione, and 7-keto-dehydroepiandrosterone in healthy men of different ages. *Prob Endokrino.* 1979;25:28-31.

7 Awarded U.S. Patent for Metabolic Rate Modulation

United States Patent Number 7,199,116.

8 Safe, When Used as Directed

Davidson M, et al. Safety and pharmacokinetic study with escalating doses of 3-acetyl-7-oxo-dehydroepiandrosterone in healthy male volunteers. *Clin Invest Med.* 2000;23:300-310.

Kalman DS, et al. A randomized, double-blind, placebo-controlled study of 3-acetyl-7-oxo-dehydroepiandrosterone in healthy overweight adults. *Curr Ther Res.* 2000;61:435-442.

*7-Keto® studied as single ingredient and in multi-ingredient formula.
